1. Introduction

- 1.1 The Procuring Entity named in **the Data Sheet** will select a firm among those listed in the Letter of Invitation, in accordance with the procurement method indicated in **the Data Sheet**, and the edition of the Guidelines indicated in **the Data Sheet**.
- 1.2 The shortlisted Bidders are invited to submit a Technical Proposal and a Financial Proposal for consulting services required for the assignment named in **the Data Sheet** and presented in details in the Terms of Reference attached as Section 5 of this Request for Proposal. The proposal and the Terms of Reference will be the basis for a signed contract with the successful firm.
- 1.3 The assignment shall be implemented in accordance with the phasing indicated in **the Data Sheet**. When the assignment includes several phases, the performance of the Bidder under each phase must be to the Procuring Entity's satisfaction before work begins on the next phase.
- 1.4 The Bidders must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain firsthand information on the assignment and on the local conditions, Bidders are encouraged to request the Procuring Entity to provide further information before submitting a proposal and to attend a pre-bid conference if one is specified in **the Data Sheet**. Attending the pre-proposal conference is optional. The Bidders' representative should contact the Procuring Entity at the address stated in **the Data Sheet** or to obtain additional information on the pre-bid conference.
- 1.5 The Procuring Entity will provide the inputs specified in **the Data Sheet**, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
- 1.6 Please note that (i) the costs of preparing the proposal, including a visit to the Procuring Entity, are not reimbursable as a direct cost of the assignment; and (ii) the Procuring Entity is not bound to accept any of the proposals submitted.

- 1.7 SADC Secretariat policy requires that Bidders provide professional, objective, and impartial advice and at all times hold the Procuring Entity's interests paramount, without any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Bidders shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of not being able to carry out the assignment in the best interest of the Procuring Entity.
- 1.7.1 Bidders will be excluded from the bidding process if they will be in a conflict of interest situation as described below:
 - (a) Conflict between consulting activities and procurement of goods, works or services (consulting or general). A bidder or a contractor that has been engaged by the SADC Secretariat or the Procuring Entity to provide goods, works, or services for the organization, and each of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a bidder or a contractor hired to provide consulting services for the preparation or implementation of a project, and each of its affiliates, shall be disqualified from subsequently providing goods, works or general services resulting from or directly related to the contractor's consulting services for such preparation or implementation.
 - (b) Conflict among consulting assignments: Neither, bidders or contractors (including their personnel and sub-Bidders) nor any of their affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the bidder or contractor. For instance, a contractor assisting SADC Secretariat or the Procuring Entity to implement a project shall not be engaged to prepare an independent assessment for the implementation of the same project, or contractors hired to prepare Terms of Reference (TOR) for an assignment shall not be hired for the assignment in question.
 - (c) Relationship with SADC Secretariat's or the Procuring Entity's staff: bidders or contractors (including their personnel and sub-contractors) having business or family relationship with a member of the SADC Secretariat's or the Procuring Entity's staff directly or indirectly involved in any part of: (i) the preparation of the TOR or Technical Specification of a contract, (ii) the selection process for such contract, or (iii) the supervision of the contract, may not be

awarded the contract , unless the conflict stemming from this relationship has been resolved in a manner acceptable to the SADC Secretariat throughout the selection process and the execution of the contract.

- 1.7.2 Since previous or ongoing participation in relation to the assignment by the Bidder, its professional staff, or its affiliates or associates under a contract with the SADC Secretariat and Procuring Entity may result in rejection of the proposal, the bidders should clarify their situation in that respect with the Procuring Entity before preparing the proposal.
- 1.7.3 Bidders may be hired for downstream work, when continuity is essential, in which case this possibility shall be indicated in **the Data Sheet** and the factors used for the selection of the Bidder should take the likelihood of continuation into account. It will be the exclusive decision of the Procuring Entity whether or not to have the downstream assignment carried out, and if it is carried out, which Bidder will be hired for the purpose.

This notice shall confirm that the effectiveness conditions, if any, **listed in the SC** have been met.

(3) where a variation is necessitated by a default or breach of contract by the Contractor, any additional cost attributable to such variation shall be borne by the Contractor.

2.6.5. Following the receipt of the Contractor's proposal, the Task Manager shall decide as soon as possible whether or not the variation shall be carried out. If the Task Manager decides that the variation shall be carried out he/she shall issue the administrative order stating that the variation shall be carried out under the conditions given in the Contractor's proposal or as modified by the Task Manager in accordance with or pursuant to Clause GC 2.6.4.

The financial guarantee shall be provided on the letterhead of the financial institution using the template provided in Appendix D.

Should the financial guarantee cease to be valid and the Contractor fail to re-validate it, either a deduction equal to the amount of the pre-financing may be made by the Contracting Authority from future payments due to the Contractor under the contract, or the Contracting Authority shall give formal notice to the Contractor to provide a new guarantee on the same terms as the previous one. Should the Contractor fail to provide a new guarantee, the Contracting Authority may terminate the contract giving 30 days notice.
